ABOUT THE MEETING (FAQS)

QUESTIONS AND ANSWERS ABOUT THE 2023 ANNUAL MEETING AND VOTING

Why am I receiving this proxy statement?

This proxy statement contains information related to the solicitation of proxies for use at our 2023 Annual Meeting, to be held as a virtual meeting, via live webcast, at 11:00 a.m., Eastern Time, on Tuesday, May 16, 2023, for the purposes stated in the accompanying Notice of Annual Meeting of Stockholders. This solicitation is made by BrightSpire Capital, Inc. on behalf of our Board. This Proxy Statement will first be made available to stockholders on or about [●], 2023. You are encouraged to monitor our investor relations website at <https://ir.brightspire.com/> for updated information about the 2023 Annual Meeting.

Why didn't I automatically receive a paper copy of the Proxy Statement, proxy card and 2022 Annual Report to Stockholders ("Annual Report")?

Pursuant to the U.S. Securities and Exchange Commission's (the "SEC") "notice and access" rules, we have elected to provide access to our proxy materials via the Internet. Accordingly, rather than paper copies of our proxy materials, we are sending a Notice of Internet Availability of Proxy Materials (the "Proxy Notice") to our stockholders that provides instructions on how to access our proxy materials on the Internet.

How can I receive electronic access to the proxy materials?

The Proxy Notice includes instructions on how to access our proxy materials over the Internet at www.proxyvote.com and how to request a printed set of the proxy materials by mail or an electronic set of the proxy materials by email.

In addition, stockholders may request to receive future proxy materials in printed form, by mail, or electronically by email, on an ongoing basis. Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to you and will reduce the environmental impact of our Annual Meeting. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive future proxy materials by email will remain in effect until you terminate it.

Who is entitled to vote at the 2023 Annual Meeting?

Only holders of record of our common stock at the close of business on March 21, 2023, the Record Date for the 2023 Annual Meeting, are entitled to receive notice of the 2023 Annual Meeting and to vote at the meeting. Our common stock constitutes the only class of securities entitled to vote at the meeting.

What are the voting rights of stockholders?

Holders of our common stock vote together on all proposals for consideration at the 2023 Annual Meeting. Each holder of our common stock outstanding on the Record Date is entitled to one vote per share on each proposal to be voted on.

Who can attend the 2023 Annual Meeting?

All holders of our common stock at the close of business on March 21, 2023, the Record Date for the 2023 Annual Meeting, or their duly appointed proxies, are authorized to participate in the 2023 Annual Meeting.

What will constitute a quorum at the 2023 Annual Meeting?

The presence at the meeting, in person (virtually) or by proxy, of holders of our common stock entitled to cast a majority of all the votes entitled to be cast at the meeting will constitute a quorum. We will include abstentions and broker non-votes in the calculation of the number of votes considered to be present and entitled to vote at the meeting for purposes of determining whether a quorum exists. Under applicable New York Stock Exchange ("NYSE") rules (the exchange on which shares of our common stock are traded), brokers holding shares of our common stock for beneficial owners in nominee or "street name" must vote those shares according to the specific instructions they receive from the beneficial owners. However, brokers or nominees holding shares for a beneficial owner who do not receive voting instructions from the beneficial owner may not under the NYSE's rules have discretionary voting power on non-routine matters. In these cases, if no specific voting instructions are provided by the beneficial owner, the broker may not vote on non-routine proposals. This results in what is known as a "broker non-vote."

Broker non-votes may arise in the context of voting for the election of directors, the advisory vote regarding “say-on-pay” and the approval of the Articles of Amendment (the “Charter Amendment”) to the Articles of Amendment and Restatement, as amended, of the Company, as further described in this proxy statement, because such proposals are considered non-routine matters. Unless specific voting instructions are provided by the beneficial owner, the broker will be unable to vote for the election of directors, the “say-on-pay” proposal and on the approval of the Charter Amendment. Accordingly, we urge stockholders who hold their shares through a broker or other nominee to provide voting instructions so that your shares of common stock may be voted on these proposals.

The ratification of the appointment of Ernst & Young LLP (“EY”) as our independent registered public accounting firm for the fiscal year ending December 31, 2023 is a matter considered routine under applicable NYSE rules. A broker or other nominee may generally vote on routine matters and, therefore, no broker non-votes are expected to exist in connection with this proposal.

As of the Record Date, there were 129,946,184 shares of our common stock outstanding.

How do I vote shares that are held in my name?

If your shares of common stock are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you may vote by any of the following means:

- **Internet:** You may vote by internet by visiting the applicable voting website and following the on-screen instructions.
- **Telephone:** You may vote by telephone by calling 1-800-proxies in the United States and +1 (718) 921-8500 in foreign countries.
- **Mail:** If you received printed materials and would like to vote by mail, you may vote by mail by completing and signing your proxy card and returning it in the enclosed, prepaid and addressed envelope.
- **In Person (Virtually) at the Annual Meeting:** If you are a “stockholder of record,” you may participate in and vote your shares in person at the virtual meeting by visiting <https://web.lumiagm.com/219091430>; passcode: brightspire2023 (unique 11-digit control number required). To vote, you will need your control number included in your proxy materials, on the Proxy Notice, your proxy card, or if you received printed materials, on the instructions that accompanied your proxy materials. Please note that even if you plan to virtually attend the 2023 Annual Meeting, we encourage you to submit a proxy in advance to ensure your shares are represented. Your voting in person (virtually) at the 2023 Annual Meeting will automatically result in the revocation of any previously submitted proxy.

How do I vote my shares that are held by my broker?

If your shares are held by a bank, broker, trustee or other nominee, you should follow the instructions provided to you by the bank or broker. Although most banks and brokers offer voting by mail, telephone and on the Internet, availability and specific procedures will depend on their voting arrangements and will be included in the voter instruction form. Alternatively, to participate in and vote your shares at the 2023 Annual Meeting, you must obtain a legal proxy from your broker, bank, trustee or nominee, giving you the right to vote the shares at the meeting, and you will be assigned a virtual control number in order to vote your shares during the 2023 Annual Meeting.

How are votes counted?

Proxies submitted properly by one of the methods discussed above and not subsequently revoked, will be voted as directed by you. If your properly signed proxy does not provide specific voting instructions, the persons designated as proxy holders on the proxy card will vote (1) “FOR” each nominee for director, (2) “FOR” the advisory approval of the resolution approving the compensation of our named executive officers as of December 31, 2022, (3) “FOR” the ratification of the appointment of EY as our independent registered public accounting firm for the fiscal year ending December 31, 2023, (4) “FOR” approval of the Charter Amendment, and as recommended by our Board with regard to any other matters that may properly come before the meeting, or, if no such recommendation is given, in such proxy holder’s own discretion.

May I revoke my vote after I return my proxy card?

Yes. You may revoke a previously granted proxy at any time before it is exercised by (i) filing with David A. Palamé, our General Counsel and Secretary, a notice of revocation or a duly executed proxy bearing a later date or (ii) attending the virtual meeting and voting in person. Attendance at the meeting alone will not act to revoke a prior proxy. Notices of revocation or

later dated proxies should be sent to the following address: David A. Palamé, General Counsel and Secretary, BrightSpire Capital, Inc., 590 Madison Ave., 33rd Floor, New York, New York 10022.

Who pays the costs of soliciting proxies?

We will pay the costs of soliciting proxies. In addition to soliciting proxies by mail, our officers, directors and other employees, without additional compensation, may solicit proxies personally or by other appropriate means. It is anticipated that banks, brokers, fiduciaries, custodians and nominees will forward proxy soliciting materials to their principals, and that we will reimburse such persons' out-of-pocket expenses. We have retained D.F. King & Co., Inc. at an aggregate estimated cost of \$12,000, plus out-of-pocket expenses, to assist in the solicitation of proxies.

How many votes are required to approve the proposals?

The affirmative vote of a majority of the total votes cast for and against such nominee at a meeting duly called and at which a quorum is present is required for the election of a director, unless there is a contested election, in which case directors shall be elected by a plurality of votes cast at a meeting. For purposes of the foregoing, a majority of the votes cast means that the number of shares that are cast and are voted "for" the election of a director must exceed the number of shares that are cast and are voted "against" the election of a director. In any uncontested election of a director, any incumbent director who does not receive a majority of the votes cast with respect to the election of such director shall tender his or her resignation within three days after certification of the results, in accordance with the Company's written corporate governance guidelines. For purposes of the election of directors, pursuant to our organizational documents and Maryland state law, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

The affirmative vote of a majority of the votes cast at the meeting is required for approval of the advisory "say on pay" proposal regarding the compensation of our named executive officers. For purposes of the foregoing, a majority of the votes cast means that the number of shares that are cast and are voted "for" the proposal must exceed the number of shares that are cast and are voted "against" the proposal. For purposes of the vote on this proposal, pursuant to our organizational documents and Maryland state law, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

The affirmative vote of a majority of the votes cast at the meeting is required for approval of the ratification of the appointment of EY as our independent registered public accounting firm for the fiscal year ending December 31, 2023. For purposes of the foregoing, a majority of the votes cast means that the number of shares that are cast and are voted "for" the proposal must exceed the number of shares that are cast and are voted "against" the proposal. For purposes of the vote on this proposal, pursuant to our organizational documents and Maryland state law, abstentions will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

The affirmative vote of two-thirds of all the votes entitled to be cast on the matter is required for approval of the Charter Amendment to eliminate the supermajority voting requirement in Article VIII, thereby establishing the affirmative vote of a majority of all the votes entitled to be cast on the matter as the voting standard to approve any and all amendments to the Charter (except for those amendments permitted to be made without stockholder approval under Maryland law or by a specific provision in the Charter). For purposes of the foregoing, at least two-thirds of the votes entitled to be cast means that the number of shares that are cast and are voted "for" the proposal must be equal to or greater than two-thirds of the number of shares entitled to be cast on the proposal. For purposes of the vote on this proposal, abstentions and broker non-votes will have the same effect as votes against the resolution.

What are the Board's recommendations?

The Board's recommendations are set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote:

- **Proposal 1: FOR** the election of each of the nominees for director specified in this proxy statement;
- **Proposal 2: FOR** the non-binding advisory approval of the resolution approving the compensation of our named executive officers as of December 31, 2022;
- **Proposal 3: FOR** the ratification of the appointment of EY as our independent registered public accounting firm for 2023; and
- **Proposal 4: FOR** approval of the Charter Amendment to eliminate the supermajority voting requirement in Article VIII, thereby establishing the affirmative vote of a majority of all the votes entitled to be cast on the matter as the voting standard to approve any and all amendments to the Charter (except for those amendments permitted to be made without stockholder approval under Maryland law or by a specific provision in the Charter).

COMPANY OVERVIEW

OUR BUSINESS

BrightSpire Capital, Inc. is an internally managed commercial real estate (“CRE”) credit real estate investment trust (“REIT”) focused on originating, acquiring, financing and managing a diversified portfolio consisting primarily of CRE debt investments and net leased properties predominantly in the United States. CRE debt investments primarily consist of first mortgage loans, which is our primary investment strategy. The Company’s objective is to generate consistent and attractive risk-adjusted returns to its stockholders primarily through cash distributions and the preservation of invested capital. For additional information regarding the Company and its management and business, please refer to www.brightspire.com.

The Company conducts all of its activities and holds substantially all of its assets and liabilities through BrightSpire Capital Operating Company, LLC (the “Operating Partnership”), a Delaware limited liability company. As of December 31, 2022, the Company is the sole managing member and owns, directly and indirectly, 100% of the Operating Partnership.

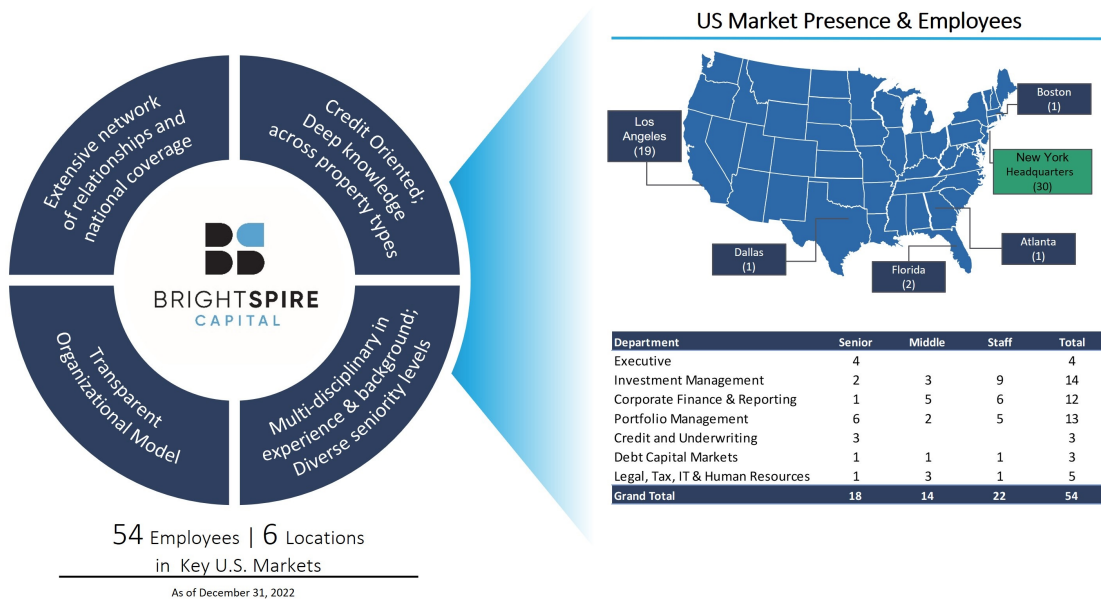

We were organized in the state of Maryland on August 23, 2017 and maintain key offices in New York, New York and Los Angeles, California. The Company elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the “Code”), beginning with its taxable year ended December 31, 2018. We are organized and conduct our operations to qualify as a REIT and generally are not subject to U.S. federal income taxes on our taxable income to the extent that we annually distribute all of our taxable income to stockholders and maintain qualification as a REIT (although we are subject to U.S. federal income tax on income earned through our taxable subsidiaries). We also operate our business in a manner that will permit us to maintain our exemption from registration as an investment company under the Investment Company Act of 1940, as amended.

Our principal executive offices are located at 590 Madison Avenue, 33rd Floor, New York, NY 10022. Our telephone number is 1-212-547-2631, and our website address is www.brightspire.com.

HUMAN CAPITAL MANAGEMENT

As an internally managed and vertically integrated business, our management and operating functions are led by our executive officers, who contributed substantially to our investment, portfolio management, servicing, financial reporting and related operations. Our executive management team and human resources partner oversee our human capital resources and employment practices to ensure that an asset as important as our employees are strategically integrated with our goals and business plans as a commercial real estate mortgage REIT.

Our executive team includes Michael J. Mazzei, Chief Executive Officer; Andrew E. Witt, President and Chief Operating Officer; Frank V. Saracino, Chief Financial Officer, Treasurer and Executive Vice President; and David A. Palamé, General Counsel, Secretary and Executive Vice President. On December 31, 2022, we had 54 employees, all of which are full-time employees. Our employees are located throughout the United States as follows: 30 in New York, New York at our Headquarters, 19 in Los Angeles, California, one in Dallas, Texas, one in Atlanta, Georgia, one in Boston, Massachusetts and two in Florida. Prospectively, assuming re-election at the 2023 Annual Meeting, 50% of our Board will reflect gender diversity. In addition, since the internalization of employees from our former external manager in 2021, the Company has benefited from diversity in hiring practices across 23 new hires over this period (subject to certain departures from time to time), including six women, nine persons who identify as ethnically diverse and one person who identifies as part of the LGBTQ+ community. As a non-federal employer with less than 100 employees, the Company does not file an EEO-1 report.

Employee Matters and Culture

We are committed to maintaining a positive work environment in which employee accountability, growth, advancement, diversity, inclusion and equal employment opportunity are very important. We strive to recognize and reward noteworthy performance, evaluated through periodic (no less frequent than annual) reviews with each employee. We seek to attract and retain the most relevant and skilled employees by offering competitive compensation and benefits, including fixed and variable pay, including base salary, cash bonuses, equity-based compensation consistent with employee position and seniority, 401(k) matching and opportunities for merit-based increases.

We maintain policies that reinforce and enhance its commitment to high ethical standards, corporate governance and internal controls, to provide the best and most competitive service to our customers in order to enhance stockholder value. We promote a workplace that is free of harassment and discriminatory and retaliatory practices. In keeping with these priorities, we maintain an open-door policy for conflict management and require periodic (no less frequent than annual) interactive harassment prevention training for both managers and employees consistent with applicable state and local laws. We regularly re-evaluate our policies covering codes of ethics, corporate governance, disclosure controls, anti-discrimination, harassment, retaliation and related complaint procedures, insider trading, information technology, security incident and cybersecurity, and related party transaction activity.

We maintain a co-employer partnership with Trinet (a professional employer organization). Trinet administers pay and other employment services, allowing us to maximize human resource administration and enhance the diversity and strength of benefits provided to employees. Through Trinet, employees have access to an extensive health and wellness platform, including live, personal and mental health counseling, family, financial and career planning resources, as well as a broad-based marketplace offering technology products, travel, entertainment, dining, fitness and other services at significantly discounted prices.

Our Commitment to Charity

We maintain a commitment to corporate giving to national and local associations in the communities in which we live and conduct business. We support certain charitable matching of contributions made by employees, encouraging a unified culture acting together. Specifically, we implemented a charitable gift matching program through Groundswell, an enterprise philanthropy-as-a-service administrative partner, to support the eligible donations made by our employees to certified 501(c)(3) organizations in our local communities. In addition, our employees annually team up to support Toys for Tots and other charitable fundraising endeavors such as Cycle for Survival. Certain departments have worked together in volunteer efforts to give back to the community as well.

OUR INVESTMENT STRATEGY

Our objective is to generate consistent and attractive risk-adjusted returns to our stockholders. We seek to achieve this objective primarily through cash distributions and the preservation of invested capital. We believe our investment strategy provides flexibility through economic cycles to achieve attractive risk-adjusted returns. This approach is driven by a disciplined investment strategy, focused on:

- leveraging long standing relationships, our organization structure and the experience of the team;
- the underlying real estate and market dynamics to identify investments with attractive risk-return profiles;
- primarily originating and structuring CRE mortgage loans and selective investments in mezzanine loans and preferred equity with attractive return profiles relative to the underlying value and financial operating performance of the real estate collateral, given the strength and quality of the sponsorship;
- structuring transactions with a prudent amount of leverage, if any, given the risk of the underlying asset’s cash flows, attempting to match the structure and duration of the financing with the underlying asset’s cash flows, including through the use of hedges, as appropriate; and
- operating our net leased real estate investments and selectively pursuing new investments based on property location and purpose, tenant credit quality, market lease rates and potential appreciation of, and alternative uses for, the real estate.

The period for which we intend to hold our investments will vary depending on the type of asset, interest rates, investment performance, micro and macro real estate environment, capital markets and credit availability, among other factors. We generally expect to hold debt investments until the stated maturity and equity investments in accordance with each investment’s proposed business plan. We may sell all or a partial ownership interest in an investment before the end of the expected holding period if we believe that market conditions have maximized its value to us or the sale of the asset would otherwise be in the best interests of our stockholders.

Our investment strategy is flexible, enabling us to adapt to shifts in economic, real estate and capital market conditions and to exploit market inefficiencies. We may expand or change our investment strategy or target assets over time in response to opportunities available in different economic and capital market conditions. This flexibility in our investment strategy allows us to employ a customized, solutions-oriented approach, which we believe is attractive to borrowers and tenants. We believe that our diverse portfolio, our ability to originate, acquire and manage our target assets and the flexibility of our investment strategy positions us to capitalize on market inefficiencies and generate attractive long-term risk-adjusted returns for our stockholders through a variety of market conditions and economic cycles.

All BrightSpire Capital employees and service providers prioritize protecting and otherwise managing Company information assets, and recognize that information security is an important part of the Company's business. Having recently internalized, the Company has focused on the following cybersecurity initiatives.

- **Responsible Parties:** The Company engaged a global leader in end-to-end technology solutions (the "BrightSpire IT Partner") to advance and maintain a comprehensive cybersecurity program at BrightSpire Capital. We also hired a dedicated senior employee to lead IT oversight and functions, together with the Company's Chief Financial Officer, General Counsel and aforementioned BrightSpire IT Partner. Benefits provided by the BrightSpire IT Partner include significant reduction in critical vulnerabilities, cost effective governance and risk services, current expertise/awareness to model, adapt to and mitigate new threats, leverage internal team resources to focus on business priorities, and effectively meet and manage evolving regulatory requirements in real time.
- **Cybersecurity Program:** The cybersecurity program includes: (i) implementation of hardware and software infrastructure; (ii) policies, processes and procedures (including network security, password and security incident response policies); (iii) employee education, training and periodic testing; and (iv) assessments of internal resources and external vendors and systems.

For 2022, the Company did not engage EY to provide a separate independent audit or certification of our information and cyber security programs or their overall maturity against industry standards.

COMMITMENT TO ENVIRONMENTAL, SOCIAL & GOVERNANCE (ESG) INITIATIVES

The Company endeavors to conduct its commercial real estate lending and business practices in a manner informed and guided by the six Principles for Responsible Investment supported by the United Nations (the "PRI"). The six PRI provide a framework for consideration of environmental, social and governance ("ESG") factors in portfolio management and investment decision-making. The six principles ask an investor, to the extent consistent with its fiduciary duties, to seek to: (1) incorporate ESG issues into investment analysis and decision-making processes; (2) be an active owner and incorporate ESG issues into its ownership policies and practices; (3) obtain appropriate disclosure on ESG issues by the entities in which it invests; (4) promote acceptance and implementation of the PRI within the investment industry; (5) work to enhance its effectiveness in implementing the PRI; and (6) report on its activities and progress toward implementing the PRI.

The Company aims to build a sustainable future by creating economic value, preserving resources and improving the communities in which we operate. Primarily focused on senior loan originations in a competitive commercial real estate finance environment, the Company is mindful that normative and positive screening of borrower, sponsor, partner, vendor and service provider commitment to ESG standards (including diversity, equity and inclusion, or DEI) may positively contribute to the credit, risk and performance profile of the Company's investments.

As a result, the Company has implemented diligence and periodic review protocols of business counterparties, including borrowers and sponsors to (i) better understand counterparty commitments made to ESG initiatives and, (ii) in return, educate and highlight to counterparties the relevance of ESG initiatives to the Company. In addition, the Company's investment and portfolio management teams (x) diligence and evaluate the extent that environmental and sustainability initiatives are implemented by our borrowers/sponsors and in our target loan assets and (y) report findings, if applicable, in our investment committee materials.

Specifically, the Company is guided by the following goals:

- **Diligence Priorities:** Focus on sustainability certifications, energy management, air quality management, water and site management, natural and environmental concerns, and DEI policies, including governance codes of conduct (including anti-discrimination and harassment principles), unconscious bias and other training, and hiring, retention and leadership practices
- **Efficiently Manage Resources:** Integrate leading ESG practices throughout our operations while collaborating with service providers, tenants and communities
- **Lead Transparently:** Better understand counterparty commitment, measure and manage our business operations to improve environmental and financial performance
- **Create a Positive Impact:** Make a positive, lasting impact in our global communities by working to improve the health and well-being of our employees and supporting charitable activities, including through a commitment to diversity, equity and inclusion in hiring and engagement practices

- **Invest Responsibly:** Build a resilient portfolio that reduces risks and recognizes opportunities to preserve resources while enhancing economic value

The Company continues to consider social, governance and DEI principles in its own business development, governance and hiring practices, as discussed above in Human Capital Management section on pages 8-9 and Corporate Governance Structure and Highlights section on pages 10-12.

STOCKHOLDER ENGAGEMENT

We value our stockholders' perspectives on our business and interact with stockholders through numerous engagement activities. These engagement activities, and the perspectives we learn, are informative and helpful to us in our ongoing efforts managing the business. Throughout 2022, members of executive management had meetings with Company stockholders, shareholder service firms and investment stewardship groups, including but not limited to our largest stockholders. The (i) implementation of the 2022 Annual Incentive Plan (and associated financial performance metrics) and allocation of performance restricted stock units as part of our 2023 equity grants to named executive officers, each as described in further detail in the Compensation Discussion & Analysis below, (ii) enhanced portfolio and asset disclosures in our publicly filed periodic reports, (iii) diversified investment strategy targeting smaller balance first mortgage loans, and (iv) our defensive posture in the current market, are each examples of strategic and/or business development efforts influenced by such communications.

Our Board knows of no reason why any nominee would be unable to serve as a director. Vote Required and Recommendation

The affirmative vote of a majority of the total votes cast for and against each nominee for director at the meeting is required for the election of such nominee as a director. For the purposes of the vote on this proposal, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum. CORPORATE GOVERNANCE

CORPORATE GOVERNANCE GUIDELINES, CODES OF ETHICS AND COMMITTEE CHARTERS

We are committed to strong corporate governance practices and, as such, we have adopted our Corporate Governance Guidelines and Codes of Ethics discussed below to enhance our corporate governance effectiveness. Our Board maintains charters for all Board committees. These guidelines, codes and our committee charters are available on our website at www.brightspire.com under the heading “Shareholders—Corporate Governance.” You can also receive a copy of our Corporate Governance Guidelines and Codes of Ethics, without charge, by writing to the General Counsel at BrightSpire Capital, Inc., 590 Madison Avenue, 33rd Floor, New York, New York 10022.

Our Corporate Governance Guidelines are designed to assist our Board in exercising its responsibilities. Our Corporate Governance Guidelines govern, among other things, Board composition, Board member qualifications, responsibilities and education, management succession and self-evaluation. Our Code of Business Conduct and Ethics relates to the conduct of our business by our employees, officers and directors. We seek to maintain high standards of ethical business practices and compliance with all laws and regulations applicable to our business, including those related to doing business outside the United States. Our Code of Business Conduct and Ethics is designed to avoid situations in which personal interests’ conflict, or have the appearance of conflicting, with those of the Company. Among other things, our Code of Business Conduct and Ethics prohibits our directors, executive officers and employees, among other persons (“covered persons”), from providing gifts, meals or anything of value to government officials or employees or members of their families in connection with our business without prior written approval from the Company’s General Counsel or Chief Executive Officer. We have also adopted a Code of Ethics for Senior Financial Officers, which applies to our Chief Executive Officer, Chief Financial Officer and other senior financial and accounting officers of the Company performing similar functions who have been identified by the Chief Executive Officer from time to time. Any waiver of the Code of Business Conduct and Ethics for our executive officers or directors may be made only by the Audit Committee or another committee of the Board of Directors comprised solely of independent directors or a majority of independent directors. We will disclose on our website any amendments to our Corporate Governance Guidelines, Codes of Ethics or committee charters or waivers from our Codes of Ethics applicable to any of our directors and executive officers that would otherwise be required to be disclosed under the rules of the SEC or the NYSE.

DIRECTOR INDEPENDENCE

Of our six directors being nominated for re-election by our Board, our Board has affirmatively determined that Mses. Rice, Diamond and Long and Messrs. Schwartz and Westerfield are independent under the NYSE rules and under applicable rules of the SEC. In determining director independence, our Board reviewed, among other things, any transactions or relationships that currently exist or that have existed since our incorporation, between each director and the Company and its subsidiaries, affiliates and equity investors, independent auditors or members of senior management. In particular, our Board reviewed current or recent business transactions or relationships or other personal relationships between each director and the Company, including such director’s immediate family and companies owned or controlled by the director or with which the director was affiliated. The purpose of this review was to determine whether any such transactions or relationships failed to meet any of the objective tests under the NYSE rules for determining independence or were otherwise sufficiently material as to be inconsistent with a determination that the director is independent.

BOARD LEADERSHIP STRUCTURE

Our Board believes it is important to select its Chairperson and the Company’s Chief Executive Officer in the manner it considers to be in the best interests of the Company at any given point in time. The members of our Board possess considerable and diversified business experience and in-depth knowledge of the issues the Company faces, and are therefore in the best position to evaluate the needs of the Company and how best to organize the Company’s leadership structure to meet those needs.

After careful consideration, our Board believes that the most effective leadership structure for the Company is to maintain separate the roles of Chairperson and Chief Executive Officer. Currently, Ms. Catherine D. Rice serves as our Chairperson and Mr. Mazzei serves as our Chief Executive Officer.

The Nominating & Corporate Governance Committee and Board have nominated Ms. Rice to continue to serve as Independent Chairperson upon re-election at the 2023 Annual Meeting, and believes we will benefit from her independence, experience, knowledge, leadership and vision. Our Board believes that having Mr. Mazzei as Chief Executive Officer, with over 35 years of experience in commercial real estate finance and having served as executive officer, director and in other senior

leadership positions at a series of commercial real estate financing and banking institutions, best serves the interests of the Company. Our Board periodically evaluates the Company's leadership structure and will periodically evaluate the Chairperson and Chief Executive Officer positions, including determining whether the separate roles continue to serve the best interests of the Company.

INDEPENDENT CHAIRPERSON

To promote the independence of our Board and appropriate oversight of management, Ms. Rice has served as Independent Chairperson since May 2021 to facilitate free and open discussion and communication among the independent directors of our Board and management. The Nominating & Corporate Governance Committee and Board has nominated Ms. Rice to serve as Independent Chairperson of the Company upon re-election. Since inception in January 2018 until May 2021, Ms. Rice previously served as lead independent director. The Independent Chairperson shall handle comprehensive responsibilities leading the Board as well as preside at all executive sessions at which only non-management directors are present. These meetings are held in conjunction with the regularly scheduled quarterly meetings of our Board, but may be called at any time by our Independent Chairperson or any of our other independent directors. In 2022, our independent directors met six (6) times in executive session without management present following Board and/or committee meetings and met outside of regularly scheduled Board and committee meetings on certain occasions. If applicable, our Independent Chairperson will discuss issues that arise during those meetings with our Chief Executive Officer. Our Independent Chairperson also discusses Board meeting agendas with our Secretary and may request the inclusion of additional agenda items for meetings of our Board. Since establishing the Independent Chairperson role, the Company will not maintain a separate additional lead independent director role.

BOARD'S ROLE IN RISK OVERSIGHT

Risk is inherent with every business and how well a business manages risk can ultimately determine its success. Our management team is responsible for our risk exposures on a day-to-day basis by identifying the material risks we face (including, but not limited to, legal, regulatory and cybersecurity risks), implementing appropriate risk management strategies that are responsive to our risk profile, integrating consideration of risk, risk ratings and risk management into our decision making process and, if necessary, promulgating policies and procedures to ensure that information with respect to material risks is communicated to our Board. Our Board, as a whole and through its committees, has the responsibility to oversee and monitor these risk management processes by informing itself of material risks and evaluating whether management has reasonable controls in place to address the material risks. Our Board is not responsible, however, for defining or managing our various risks. Our Board is regularly informed by management of potential material risks and activities related to those risks at Board and/or committee meetings. Members of our management team generally attend all Board meetings and are readily available to our Board to address any questions or concerns raised by our Board on risk management and any other matters.

Our Audit Committee assists the Board's oversight of the integrity of our financial statements and financial reporting process, our compliance with legal and regulatory requirements, the qualifications and independence of our independent registered public accounting firm, and the performance of our internal audit function and independent registered public accounting firm. In addition, the Audit Committee has established and maintains procedures for the receipt of complaints and submissions of concerns regarding accounting and auditing matters. Pursuant to its charter, the Audit Committee also considers our policies with respect to financial reporting risk assessment and risk management.

In addition, the Compensation Committee also ensures that compensation plans are designed with an appropriate balance of risk and reward in relation to the Company's overall business strategy and do not encourage excessive or unnecessary risk taking behavior.

VOTING STANDARD FOR ELECTION OF DIRECTORS

Our bylaws provide that, in any uncontested election of directors, a director nominee will be elected by a majority of all of the votes cast for and against such nominee at a meeting of stockholders duly called and at which a quorum is present. If in any uncontested election of directors an incumbent director does not receive a majority of the votes cast by stockholders entitled to vote with respect to the election of that director, our Corporate Governance Guidelines require such director to tender his or her resignation within three days after certification of the results. To the extent that one or more directors' resignations are accepted by the Board, the Nominating and Corporate Governance Committee will recommend to the Board whether to fill such vacancy or vacancies or to reduce the size of the Board. In any contested election of directors, directors will be elected by a plurality of votes cast at a meeting of stockholders.

DIRECTORS OFFER OF RESIGNATION POLICY

Our Corporate Governance Guidelines provide that, whenever a member of the Board (i) accepts a position with a company that is competitive to the business(es) then engaged in by the Company or (ii) violates the Company's Code of Business Conduct and Ethics, Corporate Governance Guidelines or any other Company policy applicable to the members of the Board from time to time, he or she shall offer his or her resignation to the Nominating and Corporate Governance Committee. The director shall be expected to act in accordance with the Nominating and Corporate Governance Committee's recommendation in this regard.

DIRECTOR NOMINATION PROCEDURES

The Board has adopted the charter of the Nominating and Corporate Governance Committee that sets forth the criteria to be used for considering potential director candidates. The criteria further the Nominating and Corporate Governance Committee's goal of ensuring that our Board consists of a diversified group of qualified individuals that function effectively as a group. The policy provides that qualifications and credentials for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board. However, at a minimum, candidates for director must have the highest personal and professional integrity, a demonstrated exceptional ability and judgment and an ability to be most effective, in conjunction with the other nominees to the Board, in collectively serving the long-term interests of the Company and its stockholders.

In addition to the aforementioned qualifications, the Nominating and Corporate Governance Committee shall assess the nominee's independence and may consider, among other things, the following, all in the context of an assessment of the perceived needs of the Board at that time:

- diversity, age, background, skill and experience;
- personal qualities, high ethical standards and characteristics, accomplishments and reputation in the business community;
- knowledge and contacts in the communities in which the Company conducts business and in the Company's industry or other industries relevant to the Company's business;
- ability and willingness to devote sufficient time to serve on the Board and committees of the Board;
- knowledge and expertise in various areas deemed appropriate by the Board; and
- fit of the individual's skills, experience and personality with those of other directors in maintaining an effective, collegial and responsive Board.

The Nominating and Corporate Governance Committee will seek to identify director candidates based on input provided by a number of sources, including (a) Nominating and Corporate Governance Committee members, (b) other members of the Board and (c) stockholders of the Company. All candidates submitted by stockholders will be evaluated in the same manner as all other director candidates, provided that the advance notice and other requirements set forth in our bylaws have been followed. The Nominating and Corporate Governance Committee also has the authority to consult with or retain advisors or search firms as it deems necessary or appropriate in its sole discretion, including any search firm to assist in the identification of qualified director candidates; however, we do not currently employ a search firm, or pay a fee to any other third party, to locate qualified director candidates.

COMMUNICATIONS WITH OUR BOARD

Our Board has established a process to receive communications from interested parties, including stockholders. Interested parties may contact the Independent Chairperson or any other member or all members of our Board by writing to any of them at c/o General Counsel at BrightSpire Capital, Inc., 590 Madison Avenue, 33rd Floor, New York, New York 10022. All such communications received by the office of our General Counsel will be opened solely for the purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service or patently offensive material will be forwarded promptly to the addressee(s). The Independent Chairperson will decide what action should be taken with respect to the communication, including whether such communication should be reported to the Board.

POLICY FOR REVIEW OF RELATED PERSON TRANSACTIONS

Pursuant to our Audit Committee's charter, our Audit Committee must review reports and disclosures of related party transactions and consider any potential conflicts of interest involving our executive officers or any member of our Board. The Audit Committee must review and consider for approval any related party transaction between us and any executive officer or director. When reviewing and evaluating a related party transaction, our Audit Committee may consider, among other things, any effect a transaction may have upon a director's independence, whether the transaction involves terms and conditions that are no less favorable to us than those that could be obtained in a transaction between us and an unrelated third party and the nature of any director's or officer's involvement in the transaction. In the event any such related party transaction involves a member of the Audit Committee, the transaction must be approved by a majority of the disinterested members of the Audit Committee.

To facilitate our Audit Committee's review of related party transactions, on an annual basis, each director and executive officer is obligated to complete a director and officer questionnaire which requires disclosure of any transactions with us in which the director or executive officer or any member of his or her immediate family, has an interest. In addition, pursuant to our Code of Business Conduct and Ethics, all potential conflict of interest situations, including related party transactions, must be disclosed to our General Counsel. To the extent any such potential conflict of interest disclosed to our General Counsel is a proposed related party transaction, the General Counsel will communicate such conflict and the proposed transaction to the Audit Committee. Further, our General Counsel will notify the members of our Audit Committee promptly of any material changes to previously approved or conditionally approved related party transactions.

See "*Certain Relationships and Related Transactions*" for a description of our related party and certain other transactions.

POLICY PROHIBITING HEDGING AND PLEDGING OF COMPANY SECURITIES

Pursuant to our Policy on Inside Information and Insider Trading, our directors and employees, including our named executive officers, are prohibited from engaging in the following transactions: (i) trading in call or put options involving our securities and other derivative securities; (ii) engaging in short sales of our securities; (iii) holding our securities in a margin account; (iv) other hedging or monetization transactions related to the Company's securities, including the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds; and (v) pledging our securities to secure margins or other loans, subject to limited exceptions.

Our Board has appointed an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee as standing committees. Each of these standing committees has adopted a committee charter, which is available on our website at www.brightspire.com under the heading “Shareholders—Corporate Governance” or by writing to the General Counsel at BrightSpire Capital, Inc., 590 Madison Avenue, 33rd Floor, New York, New York 10022 to request a copy, without charge. In addition, the Compensation Committee shall also ensure that compensation plans are designed with an appropriate balance of risk and reward in relation to the Company's overall business strategy and do not encourage excessive or unnecessary risk-taking behavior.

The Compensation Committee may delegate its authority to members as it deems appropriate, and any actions taken by a member who has been delegated authority must be reported to the full Compensation Committee at its next regularly scheduled meeting. The Compensation Committee has the sole authority to retain and terminate such outside legal, accounting or other advisors to the Compensation Committee as it deems necessary and advisable in its sole discretion, including compensation consultants. In selecting such advisors or consultants, the Compensation Committee shall consider the independence of such advisor or consultant, as determined by it in its business judgment, in accordance with the standards of the NYSE, any applicable rules and regulations of the SEC and other applicable laws relating to the independence of advisors and consultants. DIRECTOR COMPENSATION

DETERMINATION OF COMPENSATION AWARDS

The Compensation Committee has responsibility for making recommendations to our Board regarding non-employee director compensation. Our goal is the creation of a reasonable and balanced Board compensation program that aligns the interests of our Board with those of our stockholders. We use a combination of cash and stock-based compensation to attract and retain highly-qualified candidates to serve on our Board. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties to us, the skill level required by us of members of our Board and competitive pay practice data. The Compensation Committee discusses its recommendations with the Company's Chief Executive Officer and ultimately makes a recommendation to our Board with respect to all non-employee director compensation. In 2019, the Compensation Committee engaged FTI Consulting as compensation consultant to assist it in reviewing competitive pay practice data regarding non-employee director compensation and to advise it in connection with making recommendations to our Board with respect to the amount and form of such compensation. The Compensation Committee has maintained the policy and compensation in the form described below since 2018.

NON-EXECUTIVE NON-EMPLOYEE DIRECTOR COMPENSATION POLICY

Effective February 2018, the Board adopted a "Non-Executive Independent Director Compensation Policy" that provides that each non-executive director of the Board receives an annual base fee for his or her services of \$180,000, with \$80,000 payable in cash in quarterly installments in conjunction with quarterly meetings of the Board and \$100,000 payable in the form of an annual award of restricted stock, which will vest in full on the one-year anniversary of the date of grant (anticipated to occur shortly after each annual election of directors), subject to the director's continued service on the Board. In addition, the chairs of each of the Audit, Compensation, and Nominating and Corporate Governance Committees receive an additional annual cash retainer of \$20,000, \$15,000 and \$15,000, respectively, and the Lead Independent Director (Independent Chairperson) receives an additional annual cash retainer of \$20,000. The Company also reimburses each of the directors for their travel expenses incurred in connection with their attendance at Board and committee meetings.

Mr. Wilson (whose term on the Board and as Chair of Audit Committee ended on May 5, 2022) and Ms. Long (appointed Chair of the Audit Committee on May 5, 2022) each received pro rata annual cash for their 2022 service on the Board of Directors or as Chair of the Audit Committee, as applicable, during such periods of service.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This section consists of our Compensation Discussion and Analysis, which explains our named executive officer compensation for 2022, and compensation tables and accompanying notes that detail the specific amounts and types of compensation we paid to such individuals for the most recent three completed fiscal years, as applicable. This section also addresses a “look ahead” to executive compensation program improvements beginning in 2023.

Significantly, 2022 marked the first full year¹ as an internally managed business through which the Compensation Committee initiated a more comprehensive executive compensation program designed to attract and retain the best talent, to include further pay for performance measures to align executive officers and stockholders by linking compensation to short-term and long-term corporate performance, financial and strategic goals, and to ensure fair, equitable and competitive pay practices. The Compensation Committee, in consultation with the Company’s independent compensation consultant and Chief Executive Officer, enhanced compensation structuring for named executive officers as follows (each as described in further detail below):

- (i) **2022 Annual Incentive Plan:** for 2022, adopted an annual cash incentive plan with (x) two-thirds (66.67%) weighted to fixed financial Company performance metrics and (y) one-third (33.33%) weighted toward subjective individual performance, for annual cash incentive award determinations (the “2022 Annual Incentive Plan”); and
- (ii) **2023 Long-Term Incentive Plan Awards with 3-Year Performance Restricted Stock Units:** for long-term incentive plan awards beginning in 2023, focused on an allocation of (x) 65% time-vesting restricted stock (vesting in equal annual installments over 3 years) and (y) 35% performance restricted stock units (testing total shareholder return over a 3-year testing period on a relative basis against a performance peer group), with an intent to allocate equity awards of time-vesting restricted stock and performance restricted stock units on a 50% / 50% split basis beginning in 2024.

Our named executive officers (each, an “NEO”, or “NEOs”) for 2022 were:

Michael J. Mazzei, our Chief Executive Officer;
Andrew E. Witt, our President and Chief Operating Officer;
Frank V. Saracino, our Chief Financial Officer, Treasurer and Executive Vice President; and
David A. Palamé, our General Counsel, Secretary and Executive Vice President.

Effective February 22, 2022, Mr. Witt was appointed President of the Company, also maintaining his role as Chief Operating Officer. Mr. Mazzei no longer served as President of the Company as of such date.

Compensation Philosophy

The primary goal of the Compensation Committee, the Board of Directors and the Company’s executive compensation program is to seek to align the interests of our professionals (including our executive officers) with those of our stockholders. In setting compensation for its professionals, the Company takes into consideration quantitative, qualitative and individual factors in determining the total compensation payable to such professionals, including:

- reviewing Company performance and results for the applicable fiscal year;
- evaluating the type, scope and level of responsibility of the professional on behalf of the Company and its subsidiaries;
- balancing elements of reward and retention to motivate sustainable Company and investment performance (including executive officer targets, which are majority-weighted toward at risk compensation);

¹ When reviewing this Compensation Discussion and Analysis, we believe it is important to regard the Company as a new company, with respect to compensation, that began on April 30, 2021, which engaged in substantial transition and stabilization responsibilities as a newly internalized business. As described in further detail herein, our named executive officers were not employees of the Company until April 30, 2021, when the Company internalized management upon terminating its management agreement with its former external manager. As a result, we caution placing significant reliance on trailing analyses (whether 3-year, 5-year or similar), that capture and aggregate Company performance, results and compensation under the separate stewardship and compensation policies of our prior and now unaffiliated external manager. If referencing data prior to April 30, 2021, we believe such trailing performance measures may not reflect the current organizational structure of the Company from and after our internalization of management.

- implementing pay-for-performance elements (including short-term and long-term corporate performance, financial and strategic goals) to further align the interests of executives with our stockholders; and
- understanding market conditions and integrating peer group analysis and benchmarking to ensure fair, equitable and competitive pay practices.

Qualitative factors may include portfolio-related performance (including credit risk and analysis), operating performance, investment and asset management achievements, capital raising efforts, investor relations, business development, risk management policies and practices, legal, tax and regulatory compliance and maintaining sound information security and cybersecurity policies and controls. Individual factors may include contributions to the success and development of the Company, leadership and development efforts and corporate citizenship. Satisfaction of any single or all variables will not necessarily be determinative alone at arriving at the overall award for any NEO and the Compensation Committee reserves its right in setting targets and issuing its judgment in determining whether targets are achieved and/or making equity awards, if any.

Elements of Compensation

Our executive compensation program consists of salary and a majority weighting toward variable pay components, including annual cash incentive and long-term incentive awards (which may include performance-based metrics).

- Annual Base Salary (fixed). We believe base salary provides a stable income at competitive levels reflective of role, responsibilities, experience and to motivate the continued service of our NEOs.
- Annual Cash Incentive Awards (variable). The Compensation Committee implemented the 2022 Annual Incentive Plan, with pay-for-performance compensation objectives, in each case to attract, retain and competitively reward our NEOs.
- Long-Term Incentive Plan (“LTIP”) Awards (variable / equity-based, time-based vesting and performance-based vesting). We may award equity-based and cash-based awards under the Company’s 2022 Equity Incentive Plan (the “2022 Plan”). These awards are designed to align the interests of eligible individuals with those of our stockholders and to provide incentive to stimulate their efforts toward the success of the Company, its long-term growth and profitability.

Executive Compensation Program Highlights

In summary, the Company’s executive compensation program **INCLUDES**:

Pay-for-Performance. The majority value of total compensation is tied to performance (while employment terms include minimum targets, they are not guaranteed). Base salaries comprise a small percentage of each NEOs overall compensation.

Compensation Element	Type of Compensation	Chief Executive Officer 2022 Target %	Other NEO 2022 Target % (average)
Annual Base Salary	Fixed	14%	18%
Annual Cash Incentive Awards	Variable	32%	32%
Long-Term Incentive Plan Awards	Variable / Equity-Based	54%	50%
Total		100%	100%

Long-term Alignment with Stockholders. Time-based equity incentive awards (generally subject to 3-year annual vesting schedules) and 3-year performance cycle LTIP awards, in each case, used to enhance retention and alignment.

Performance-Based Consideration. Company performance metric testing, including:

- 2022 Annual Incentive Plan: two-thirds (66.67%) weighted to fixed financial Company performance measures (absolute and relative).
- Performance Restricted Stock Units for 2023 and Subsequent Years: LTIP awards, generally allocated to NEOs (i) for 2023, 35% to performance restricted stock units (testing relative total shareholder return over a 3-year testing period against a performance peer group) and (ii) for 2024, an intent to allocate 50% to similar performance restricted stock units.

- Performance Restricted Stock Units for 2021: With a primary objective of Company growth and retention through April 30, 2021 (the internalization of management), these long-term incentive performance restricted stock units were tested as of December 31, 2022, subject to a payout range of 0 to 2x of the target award, *which resulted in a 0.5x payout to (or 50% of) target in March 2023*.

Clawback Policy. The Company maintains a clawback policy with respect to incentive payments.

Stock Ownership Guidelines. The Company maintains stock ownership guidelines for executive officers and directors for further alignment.

Peer Benchmarking. The Company considers and benchmarks to peer companies in evaluating executive compensation and setting thresholds for performance-based consideration.

Independent Compensation Consultant. The Compensation Committee engages an independent compensation consultant for advisory purposes.

In addition, the executive compensation program is appropriately limiting with (DOES NOT INCLUDE):

No Guaranteed Bonuses. No annual incentive or equity award is guaranteed.

No Tax Gross Ups. The Company does not provide tax gross-ups on compensation payments made in connection with a change in control.

No Dividends on Unearned Performance-Based Awards. The Company does not pay dividends or distributions on unearned performance-based equity awards.

No Liberal Equity Share Add-Backs. The Company's 2022 Plan does not have liberal terms regarding equity share add backs.

No Hedging. The Company does not allow hedging or pledging of Company securities.

No Pension Benefits. The Company does not provide defined benefit or other supplemental pension benefits to our NEOs.

Independent Compensation Consultant

In advance of the internalization of management in April 2021, in late 2020, the Compensation Committee retained FTI Consulting, an independent compensation consultant, to assist it in reviewing the competitiveness of non-executive director compensation and our executive compensation programs, considering the overall design of the compensation programs and providing compensation advice independent of company management. The Compensation Committee retained FTI Consulting once again in the fall of 2021 and 2022. Representatives of FTI Consulting provide assistance to the Compensation Committee with respect to various matters, including: (i) a benchmarking review of peer company executive compensation; (ii) annual incentive plan structuring and awards; (iii) evaluating the elements and design of various aspects of our compensation program; (iv) assisting in peer group development; and (v) assisting in the design and review of employment agreements, severance and similar arrangements for certain of our senior executives and the Company generally. FTI Consulting does not provide any other services to us, except as may be pre-approved by the Chair of the Compensation Committee.

Peers and Peer Benchmarking

FTI Consulting provided the Compensation Committee with market data and compensation details regarding certain peer companies and provided recommendations regarding all forms of compensation and practices for an internalized business like the Company. FTI Consulting recommended the following companies for executive compensation peer benchmarking (the "Executive Compensation Peers"), with a primary focus on internalized mortgage and diversified REITs of reasonably similar implied equity market capitalization and total capitalization. There are few internalized mortgage REITs that comprehensively disclose NEO compensation, and externally-managed mortgage REITs have not historically disclosed all forms of executive compensation. Therefore, the Executive Compensation Peers include other diversified and equity REITs. The Compensation Committee evaluates compensation data available for these Executive Compensation Peers to understand the reasonableness of the Company's compensation levels for base salary, annual cash incentive awards and

LTIP equity-based consideration, focusing on implied equity market capitalization, total capitalization, and total return dynamics over certain periods. The “Executive Compensation Peers” include the following 11 companies:

EXECUTIVE COMPENSATION PEERS		
Starwood Property Trust, Inc.	Ladder Capital Corp.	Granite Point Mortgage Trust Inc.
iStar Inc.	Arbor Realty Trust, Inc.	MFA Financial, Inc.
Walker & Dunlop, Inc.	Main Street Capital Corporation	Hercules Capital, Inc.
Hannon Armstrong Sustainable Infrastructure Capital, Inc.	New York Mortgage Trust, Inc.	

Separately, executive management, the Board and the Compensation Committee regularly monitor the Company’s business performance among certain externally-managed and internally-managed commercial mortgage REITs. For comparative performance purposes, monitoring the below companies (the “Performance Peers”) is relevant because this group has more similar business plans, target assets, financing structures and performance objectives as the Company. The Compensation Committee evaluates performance among the Performance Peers when establishing targets for the 2022 Annual Incentive Plan and benchmark relative performance for performance restricted stock unit awards beginning in 2023:

PERFORMANCE PEERS		
Claros Mortgage Trust, Inc.	Ladder Capital Corp.	Granite Point Mortgage Trust Inc.
Blackstone Mortgage Trust	Apollo Commercial Real Estate Finance	KKR Real Estate Finance Trust
TPG RE Finance Trust	Ares Commercial Real Estate Corp.	Franklin BSP Realty Trust, Inc.

Employment Agreements

In connection with the internalization in 2021, the Company entered into an amended employment agreement with Michael J. Mazzei, and employment letters with Andrew E. Witt, Frank V. Saracino, and David A. Palamé to memorialize commitment and alignment objectives with the Company. The terms of employment for each NEO set forth an initial annual base salary and target annual cash incentive and long-term incentive award opportunities for 2022. The terms were established by the Compensation Committee in consultation with FTI Consulting, informed by certain benchmarking with the Executive Compensation Peers and discussions and recommendations of the Chief Executive Officer (provided the Chief Executive Officer is not involved with the Compensation Committee in determining his compensation). Notwithstanding stated minimum targets for any NEO, the Compensation Committee retains discretion whether to make any annual cash incentive payment or long-term equity incentive award, if at all. The following terms applied to 2022:

- 2022 Base Salary. NEO base salaries set at \$800,000 for Mr. Mazzei; \$400,000 for Mr. Witt; \$400,000 for Mr. Saracino; and \$352,500 for Mr. Palamé.
- 2022 Annual Cash Incentive Target. NEO annual cash incentive award targets set at \$1,750,000 for Mr. Mazzei; \$800,000 for Mr. Witt; \$600,000 for Mr. Saracino; and \$600,000 for Mr. Palamé. The payout value for each executive would be subject to performance thresholds pursuant to the 2022 Annual Incentive Plan.
- 2022 Long-Term Incentive Plan Target. NEO LTIP award targets set at \$3,000,000 for Mr. Mazzei; \$1,400,000 for Mr. Witt; \$800,000 for Mr. Saracino; and \$1,024,300 for Mr. Palamé.

The employment agreement or employment letters, as applicable, provide that each NEO is eligible to participate in employee benefit programs made available to the Company’s employees generally from time to time and to receive payments upon termination or change in control of the Company.

In the event that Mr. Mazzei is terminated by the Company without cause or he terminates his employment for good reason (in each case, as such terms are defined in his employment agreement), and subject to his execution of a release of claims in favor of the Company, he is entitled to (a) a lump sum cash payment equal to the product of one and one-half times (the “Severance Multiple”) his most recent (i) base salary and (ii) target annual bonus (the “Cash Severance Payment”); (b) payment of the prior calendar year’s annual bonus, if not paid as of such termination; (c) if termination in a calendar year occurs before the date on which his LTIP award is made, a grant of the then-current target LTIP award; (d) a lump sum

payment in respect of his bonus for the year of termination equal to his target annual bonus, prorated for the period of time worked during the year; and (e) full vesting of all then-outstanding and unvested LTIP awards (including the LTIP award granted as described above) (collectively, the “Severance Benefits”). All payments are to be made once the release is effective. In the event that Mr. Mazzei is terminated by the Company without cause or he terminates his employment for good reason within one year following a Change in Control (as such term is defined in the 2022 Plan), his Severance Benefits remain the same, except that the Severance Multiple of his Cash Severance Payment is increased to two. This agreement expires on March 31, 2024. If the Company and Mr. Mazzei do not agree to extend the term of the employment agreement, the Company will provide Mr. Mazzei with all of the Severance Benefits other than the Cash Severance Payment. Mr. Mazzei is also subject to a restrictive covenant agreement.

Messrs. Witt, Saracino and Palamé are eligible to participate in the Company’s severance plan, which provides certain severance benefits in the event that their employment is terminated without cause by the Company or by them for good reason (in each case, as such terms are defined in the Company’s severance policy), in accordance with the terms and subject to the conditions of the severance policy (a “Qualifying Termination”). The severance plan provides that, in the event of an officer’s Qualifying Termination and subject to his execution of a release of claims in favor of the Company, the officer will be entitled to receive (a) a lump sum cash severance payment equal to his annual base salary; (b) a prorated portion of his annual target cash incentive for the year of termination based on the number of days in the year worked; (c) his prior year’s bonus (to the extent unpaid); (d) full acceleration of any unvested time-based awards; (e) vesting of any performance-based awards in accordance with the terms and conditions of the applicable award agreement; and (f) subject to his timely COBRA election, up to 12 months of Company-paid COBRA premiums. In the event of an officer’s Qualifying Termination within 90 days before or one year after a change in control (as defined in the severance policy) and subject to his execution of a release of claims in favor of the Company, the officer will be entitled to receive the same payments and benefits as set forth above, except (i) his lump sum cash severance payment will be equal to two times the sum of his annual base salary plus his target cash annual incentive for the year of termination, (ii) his performance-based awards will vest immediately (with level of achievement determined in accordance with the applicable award agreement or, if none or more favorable, by the Compensation Committee or the Board as of the date of termination), and (iii) COBRA premiums will be paid for up to 24 months.

Clawback Policy and Stock Ownership Guidelines

The Board and Compensation Committee maintain additional executive compensation specific policies to advance a culture that emphasizes integrity and accountability at the Company and further align the long-term interests of the stockholders, executive officers and directors of the Company:

- **Clawback Policy.** Providing for the recoupment of incentive compensation from executive officers and other senior employees responsible for financial reporting if the Company is required to prepare accounting restatements because of financial reporting misconduct by such person; and
- **Stock Ownership Guidelines.** Setting significant Company stock ownership thresholds applicable to executive officers and directors of the Company. Pursuant to the Stock Ownership Guidelines executives and directors must comply with the following ownership thresholds, subject to a 5-year grace period, and where unexercised options or unearned performance awards do not count towards such thresholds:

Covered Person	Ownership Threshold (market value of stock held greater than)
Chief Executive Officer	5x Base Salary
Other Executive Officers	3x Base Salary
Directors	5x Annual Cash Retainer

As of December 31, 2022, all executive officers and directors either met the ownership thresholds or were within the 5-year grace period.

Results of 2021 Say-on-Pay Vote

On May 5, 2022, the Company held its 2022 annual meeting of stockholders, with **90.4%** approving (on an advisory, non-binding basis) the compensation of the Company’s named executive officers as of December 31, 2021. Please see “*Stockholder Engagement*” above for further detail on our discussions with our stockholders in 2022.

2022 NAMED EXECUTIVE OFFICER COMPENSATION

The Compensation Committee recognizes the individually unique skill sets and contributions provided by each of our NEOs in regards to team leadership, efficient operations, prudent investment and portfolio management, robust financial reporting systems and controls, and sound legal, compliance, human resource and risk management. 2022 Base Salary

The Company paid base salary amounts for 2022 in accordance with each NEO’s employment agreement reflective of role, responsibilities, experience and to motivate the continued service of the NEO.

2022 Annual Incentive Plan Awards

The Compensation Committee implemented the 2022 Annual Incentive Plan with pay-for-performance compensation objectives to competitively reward our NEOs with cash payments subject to majority-weighted financial performance measures, designed in mid-2022. The awards described below were based on 2022 performance, were paid out in the first quarter of 2023 following review and approval by the Compensation Committee, and are reported in the “Non-Equity Incentive Plan Compensation” column of the “*Summary Compensation Table*” below.

The 2022 Annual Incentive Plan structure weighted the determination of each NEO’s cash incentive compensation target two-thirds (66.67%) on two quantitative measures, focused on the Company’s (1) “absolute” and (2) “relative” return on average equity (“ROAE”). The balance between “absolute” and “relative” ROAE highlights the equal value placed on (1) the Company and management meeting or exceeding a key component of the Company’s annual business plan, while (2) incentivizing positive achievements compared to the Company’s Performance Peers. The remaining one-third (33.33%) evaluated personal qualitative measures on a range between 0% and 175% as described above.

2022 Annual Incentive Plan Structure

Absolute ROAE (50% of Corporate Goals)

The first corporate performance metric carries a one-third weight and evaluates the Company's absolute ROAE ("Absolute ROAE") for the year ended December 31, 2022, compared against threshold, target and maximum ROAE hurdles established by the Compensation Committee. The Compensation Committee established an **Absolute ROAE performance target of 7.00%** for the annual period ended December 31, 2022.

Absolute ROAE Performance (one-third weighting)		
Level	Company ROAE	% Earned
Below	< 6.50%	0%
Threshold	6.50%	25%
Target	7.00%	100%
Max	8.00%	175%

Relative ROAE (50% of Corporate Goals)

The second corporate performance metric carries a one-third weight and evaluates the Company's relative ROAE ("Relative ROAE") for the year ended December 31, 2022, by reference to the Company's Performance Peers. The Compensation Committee established a **Relative ROAE performance target at the 50th-percentile** for the year ended December 31, 2022.

Relative ROAE Performance (one-third weighting)		
Level	Relative ROAE Percentile	% Earned
Below	< 35%	0%
Threshold	35%	25%
Target	50%	100%
Max	≥ 75%	200%

The variable payout earned for each corporate measure is subject to linear interpolation consistent with the Absolute ROAE and Relative ROAE Percentile achieved, respectively, whether between Threshold and Target or Target and Maximum.

2022 Annual Incentive Plan: Corporate Performance Results			
	FY22 Results	Performance Category	% Earned (Multiplier)
Absolute ROAE Performance	8.04%	Maximum (exceeds 8%)	175% (1.75x)
Relative ROAE Performance	44%	Threshold-Target (between 35-50%)	72% (0.72x)

For the year ended December 31, 2022, the Company achieved (1) an Absolute ROAE of 8.04%, or a 175% multiplier (1.75x), and (2) a Relative ROAE at the 44% percentile, or a 72% multiplier (0.72x). By reference, ROAE for the nine Performance Peers ranged from 5.1% to 10.8%, with an average ROAE of 8.66% (not including the Company), for the year ended December 31, 2022.

When combined with qualitative measures, the 2022 Annual Incentive Plan resulted in our CEO receiving 116% (1.16x) of his annual cash incentive target and the other NEOs receiving a range of 107% (1.07x) to 124% (1.24x) of their respective 2022 annual cash incentive targets. In accordance with the 2022 Annual Incentive Plan, our NEOs received the following amounts of total cash incentive compensation for 2022 relative to their respective targets.

Name	2022 Annual Cash Incentive	
	2022 Annual Cash Incentive Target (\$)	Compensation Earned (\$)
Michael J. Mazzei, Chief Executive Officer	1,750,000	2,030,000
Andrew E. Witt, President & COO	800,000	992,000
Frank V. Saracino, CFO, Treasurer & EVP	600,000	696,000
David A. Palamé, GC, Secretary & EVP	600,000	642,000

2022 Long-Term Equity Incentive Awards

In early 2022, the Compensation Committee evaluated LTIP awards under the 2022 Plan to the Chief Executive Officer, the other NEOs and certain employees of the Company in consideration of corporate and personal achievements, including significant total 2022 shareholder return (including dividends), post-internalization team growth, general and administrative cash savings through the internalization, 2021 and early 2022 new loan activity and capital deployment, as well as prudent balance sheet and liquidity management, portfolio diversification efforts, earnings growth and dividend maintenance, efficient operating structure and overhead management, financial reporting enhancements, rigorous legal and risk management, and other qualitative determinations regarding such persons. On February 23, 2022, the Company approved conditional LTIP awards to the named executive officers which were granted in the form of time-based vesting restricted stock awards (“2022 Restricted Stock”) on May 5, 2022 concurrent with approval of the 2022 Plan as of such date with the number of shares of 2022 Restricted Stock granted based on the following grant date values: Mr. Mazzei - \$3,250,000; Mr. Witt - \$1,500,000; Mr. Saracino - \$1,000,000; and Mr. Palamé - \$1,024,300. The 2022 Restricted Stock was issued in shares of our restricted Class A common stock and will vest in three substantially equal installments on each of March 15, 2023, March 15, 2024 and March 15, 2025.

2023 NAMED EXECUTIVE OFFICER COMPENSATION – A Look Ahead

In 2023, the Compensation Committee enhanced pay for performance measures applicable to NEO compensation to further align the interests of our NEOs and our stockholders. Specifically, the Compensation Committee added a performance restricted stock unit component to the annual LTIP Awards made in March 2023. In addition, the Compensation Committee is in the process of implementing the 2023 annual incentive plan similar to the 2022 Annual Incentive Plan, subject to final compensation targets for each NEO and corporate performance targets.

2023 LTIP Awards

On March 6, 2023, the Compensation Committee granted annual LTIP Awards to the NEOs allocated 65% to time-vesting restricted stock awards (“2023 Restricted Stock”) and 35% to three-year performance restricted stock unit awards (“2023 PRSUs”) as set forth below. The Compensation Committee believes introducing 35% performance restricted stock units to each NEO represents a substantial additional performance-based incentive. The Compensation Committee intends to further increase the percentage of performance restricted stock units to a 50% / 50% split basis alongside time-vesting restricted stock, beginning in 2024.

	2023 LTIP Awards	
	2023 Restricted Stock Awards (# shares) (65%)	2023 PRSUs (Target unit #) (35%)
Michael J. Mazzei, Chief Executive Officer	282,609	152,174
Andrew E. Witt, President & COO	141,305	76,087
Frank V. Saracino, CFO, Treasurer & EVP	89,493	48,189
David A. Palamé, GC, Secretary & EVP	91,782	49,422

The 2023 Restricted Stock was issued in shares of our restricted Class A common stock and will vest in three substantially equal installments on each of March 15, 2024, March 15, 2025 and March 15, 2026. The 2023 PRSUs were awarded in restricted stock units with respect to our Class A common stock and have a three-year performance period (March 6, 2023 to March 6, 2026) with a payout opportunity ranging from 0% to 200% of the target units awarded, depending on the relative total stockholder return (“Relative TSR”) performance of the Company as compared to the Performance Peers. Recipients of the 2023 PRSUs will not be entitled to receive distributions or distribution equivalents before performance-based vesting has occurred. The 2023 PRSUs will convert into shares of our Class A common stock if and when earned and are generally conditioned on continued employment by the recipient, subject to the applicable award agreement and the Company’s severance policy. For the 2023 PRSUs, the following table provides the scale which will be used to determine the payout percentage (if any) upon completion of the three-year performance cycle for such awards:

2023 PRSUs: Relative TSR Performance		
Level	Relative TSR Percentile	% Earned
Below	< 25%	0%
Threshold	25%	50%
Target	50%	100%
Max	> 80%	200%

The Compensation Committee determined that payouts for the 2023 PRSUs will be capped at 100% of target when the Company’s total shareholder return for the three-year performance cycle is negative. The variable payout earned is subject to linear interpolation consistent with the Relative TSR Percentile achieved, whether between Threshold and Target or Target and Maximum.

Tax and Accounting Considerations**Deductibility of Executive Compensation**

Generally, Section 162(m) of the Code disallows public companies a tax deduction for federal income tax purposes of remuneration in excess of \$1 million paid to so-called “covered employees,” which includes the chief executive officer, chief financial officer, certain other highly-compensated executive officers, and certain former executive officers. In approving the amount and form of compensation for our named executive officers, the Compensation Committee considers all elements of our cost of providing such compensation, including the potential impact of Section 162(m). The Compensation Committee may, in its judgment, approve compensation for our named executive officers that is not deductible for federal income tax purposes when it believes that such compensation is in the best interests of the Company and our stockholders.

Accounting for Stock-Based Compensation

We follow the Financial Accounting Standard Board’s Accounting Standards Codification Topic 718 (“FASB ASC Topic 718”) for our stock-based compensation awards. FASB ASC Topic 718 requires us to measure the compensation expense for all share-based payment awards made to our employees and non-employee members of the Board of Directors, including options to purchase shares of our common stock and other stock awards, based on the grant date “fair value” of these awards. This grant date fair value is calculated using a variety of assumptions. This calculation is performed for financial reporting purposes and included in the executive compensation tables required by the federal securities laws, even though the recipient of the awards may never realize any value from their awards. FASB ASC Topic 718 also requires us to recognize the compensation cost of our share-based awards in our income statements over the period that an employee and non-employee member of the Board of Directors is required to render service in exchange for the award.

Special Note Regarding Non-GAAP Measures

This Compensation Discussion and Analysis contains certain non-GAAP financial measures which are described in more detail in the section entitled “Pay Versus Performance” in this Proxy Statement and that are derived from non-GAAP measures contained in the Company’s Annual Report on Form 10-K for the year ended December 31, 2022 in Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Non-GAAP Supplemental Financial Measures.”

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

We may be required to make certain payments to our named executive officers in the event their services are terminated or we experience a change in control. Under the terms of the amended employment agreement with Mr. Mazzei and under the terms of the employment letters with each of Messrs. Witt, Saracino, and Palamé, as described above under "Employment Agreements," the amount of these payments (and whether we would be required to make them) depends on the nature of the executive's termination.

Pursuant to the form restricted stock award agreements used for awards made in 2021 and 2022 under the 2022 Annual Incentive Plan, shares of restricted stock fully vest upon (i) the grantee's death or "disability" (as defined in the 2022 Annual Incentive Plan), (ii) the grantee's "involuntary termination" (as defined in the form restricted stock award agreement) and (iii) a "change in control" (as defined in the 2022 Annual Incentive Plan). Pursuant to the form PRSU award agreements used for 2021 awards, (i) upon the grantee's death, "disability" (as defined in the 2022 Annual Incentive Plan), or "involuntary termination" (as defined in the award agreement), the PRSUs remain eligible to vest following the end of the performance period based on actual performance, with respect to the sum of the number of PRSUs eligible to vest as of such grantee's termination plus, if applicable, a pro-rated number of PRSUs, and (ii) upon a "CoC Event" (as defined in the award agreement), the PRSUs will vest in connection with the CoC Event (A) at target, if such CoC Event occurs prior to the first anniversary date or (B) based on actual performance, if such CoC Event occurs on or following the first anniversary date.

The table below sets forth the amount that we would have been required to pay each of the NEOs under the termination events described below or upon a change in control, assuming the termination or change in control occurred on December 31, 2022.

(1) As described above under "Employment Agreements," for this purpose, the "CIC Protection Period" means (i) for Mr. Mazzei, the one-year period following a "change in control" (as such term is defined in the 2022 Plan) and (ii) for Messrs. Witt, Saracino, and Palamé, the 90-day period prior to and the one-year period following a "change in control" (as such term is defined in the severance policy).

(2) For Mr. Mazzei, as described above under "Employment Agreements," amounts include (i) a lump sum cash payment equal to the product of one and one-half times (the "Severance Multiple") his most recent base salary and target annual bonus (the "Cash Severance Payment"), (ii) a lump sum payment in respect of his bonus for the year of termination equal to his target annual bonus, prorated for the period of time worked during the year, plus (iii) full vesting of all then-outstanding and unvested LTIP Awards. For the other NEOs, as described above under "Employment Agreements," amounts include (i) a lump sum cash severance payment equal to his annual base salary, (ii) a prorated portion of his annual target cash incentive for the year of termination based on the number of days in the year worked, (iii) full acceleration of any unvested time-based restricted stock units, (iv) vesting of any PRSUs in accordance

- with the terms and conditions of the applicable award agreement, plus (v) subject to his timely COBRA election, 12 months of Company-paid COBRA premiums. Such amount presumes that the prior year's (2021) bonus payment has already been made to each individual and that Mr. Mazzei has already received his LTIP award for the year of termination. For this purpose, the 2021 PRSUs are eligible to vest and are assumed to vest and be earned at the threshold level.
- (3) For Mr. Mazzei, as described above under "Employment Agreements," the amount is the same as described in footnote 2 above, except that the Severance Multiple of his Cash Severance Payment is increased to two. For the other NEOs, as described above under "Employment Agreements," the amount is the same as described in footnote 2 above, except that (i) the lump sum cash severance payment will be equal to two times the sum of their annual base salary plus their target cash annual incentive for the year of termination, (ii) outstanding PRSUs will vest immediately (with level of achievement determined in accordance with the applicable award agreement or, if none or more favorable, by the Compensation Committee or the Board as of the date of termination), and (iii) COBRA premiums will be paid for 24 months. Such amount presumes that the prior year's (2021) bonus payment has already been made to each individual and that Mr. Mazzei has already received his LTIP award for the year of termination. For this purpose, the 2021 PRSUs are eligible to vest and are assumed to vest and be earned at the threshold level.
- (4) Upon an NEO's termination of employment on account of death or "disability" (as defined in the 2022 Annual Incentive Plan), (i) such NEO's unvested restricted stock awards will immediately vest, and (ii) a pro-rated portion of such NEO's unvested PRSUs will remain eligible to vest at the end of the performance period based on actual performance. For this purpose, the 2021 PRSUs are eligible to vest and are assumed to vest and be earned at the threshold level.
- (5) Upon of a "change in control" (as defined in the 2022 Annual Incentive Plan) in which outstanding equity awards are not assumed by our corporate successor and with respect to our January 2021 time-vested awards and PRSUs and May 2022 time-vested awards, (i) all service-based vesting awards will be deemed to have fully vested effective immediately prior to the occurrence of the change in control and (ii) performance-based vesting awards will be deemed earned at a certain level (if half or less of the performance period has lapsed, generally based on pro-rated target except that the PRSUs would vest at target, or if more than half of the performance period has lapsed, based on actual performance) and at the Compensation Committee's discretion may vest or be converted into awards subject to service-based vesting for the remainder of the performance period. For this purpose, the 2021 PRSUs have been assumed to be eligible to vest and be earned at the threshold level. Except as set forth above with respect to the January 2021 and May 2022 grants, upon of a "change in control" (as defined in the 2022 Annual Incentive Plan) in which outstanding equity awards are assumed by our corporate successor, no accelerated vesting applies upon such event.
- (6) For purposes of the pro-rata annual cash incentive compensation for the year of termination included as part of "Cash Severance" for the first two columns, this row does not provide for any pro-ration because the applicable presumed termination date for purposes of this table is assumed to be the last day of the Company's 2022 fiscal year.
- (7) For purposes of the value attributed to accelerated vesting of equity awards, such value is based on the number of shares vesting as a result of the applicable trigger, multiplied by the closing price of our common stock on the NYSE as of December 30, 2022, the last trading day of the fiscal year, of \$6.23.
- (8) For purposes of quantifying medical benefits, such value is based on the assumptions used for financial reporting purposes under generally accepted accounting principles.

(2) Represents shares of our common stock remaining available for issuance as of December 31, 2022, pursuant to the 2022 Plan, without giving effect to additional shares that become available upon the future expiration, forfeiture, or cancellation of any outstanding awards after December 31, 2022.

CHIEF EXECUTIVE OFFICER PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act ("the Dodd-Frank Act"), and Item 402(u) of Regulation S-K, for 2022, the median of the annual total compensation of all employees paid by the Company (other than our Chief Executive Officer), was \$291,837; and the annual total compensation of Mr. Mazzei, our CEO, was \$5,878,120.

Based on this information, for 2022, the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all employees was 20.1 to 1. This ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of SEC Regulation S-K using the data summarized below.

To identify our median employee:

- As of December 31, 2022, our employee population consisted of 54 employees, including our CEO.
- To find the median of the annual total compensation of our employees (other than our CEO), we used each employee's annualized year-end base salary, cash bonus earned for 2022, overtime payments, sign-on bonuses and the grant date fair value of equity compensation granted in 2022. In making this determination, we annualized base salaries for full-time permanent employees who were employed on December 31, 2022 who did not work for us the entire year.
- We identified our median employee using this compensation measure and methodology, which was consistently applied to all our employees included in the calculation.
- After identifying the median employee, we added together all of the elements of such employee's compensation for 2022 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$291,837. With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our 2022 Summary Compensation Table in this proxy statement, which is also in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

PAY VERSUS PERFORMANCE

In accordance with the final rule adopted by the SEC in August 2022 implementing Section 953(a) of the Dodd-Frank Act, we are providing the following table that sets forth certain compensation measures for certain of our officers alongside certain performance metrics for the Company and certain of its industry peers. The disclosure included in this section is not incorporated by reference in Part III of the Company's Annual Report on Form 10-K for the year ended December 31, 2022. The Compensation Committee did not consider the pay versus performance data presented below in making its pay decisions for any of the years shown.

The following tables sets forth information concerning the compensation actually paid to (1) certain prior chief executive officers, as applicable, and (2) our CEO and the average compensation among our other NEOs compared to Company performance for the years ended December 31, 2022, 2021 and 2020.

In 2020, we were an externally managed company and all of our named executive officers, including our CEO, were employees of our former external manager and/or affiliates thereof. Accordingly, we did not pay, award or provide any cash compensation or benefits to Mr. Kevin P. Traenkle, who served as CEO until his resignation effective February 29, 2020 ("Prior CEO 1") or to Andrew E. Witt, who served as our interim CEO from March 1, 2020 to April 1, 2020 ("Prior CEO 2").

Michael Mazzei was appointed CEO and President effective April 1, 2020 (continuing as CEO and no longer serving as President since February 22, 2022).

(1)

In 2020, the other NEOs were Neale W. Redington, our Chief Financial Officer and Treasurer, and David A. Palamé, our General Counsel and Secretary.

In 2021 and 2022, the other NEOs were Andrew E. Witt, our Chief Operating Officer (and President, from and after February 22, 2022), Frank V. Saracino, our Chief Financial Officer, Treasurer and Executive Vice President, and David A. Palamé, our General Counsel, Secretary and Executive Vice President.

The values reflected in this column for 2020 reflect the "Total" compensation set forth in the Summary Compensation Table ("SCT") on page 24 of the proxy statement of Colony Credit Real Estate, Inc. filed on March 24, 2021 (the "2021 Proxy"). See the footnotes to the SCT in the 2021 Proxy for further detail regarding the amounts in this column.

This column is computed in accordance with Item 402(v) of Regulation S-K with "Compensation Actually Paid" as a calculation that begins with the Summary Compensation Table ("SCT") total compensation in the given year with certain adjustments prescribed by the SEC rules. Amounts for "Other NEOs" represents the average of each named executive officer ("NEO") other than the CEO, Prior CEO 1 ("CEO P1") or Prior CEO 2 ("CEO P2").

The Bloomberg Real Estate Investment Trust Mortgage Index ("BBREIT Mortgage Index") is a capitalization-weighted index of infinite life Mortgage REITs having a market capitalization of \$15 million or greater.

(5) Net Income (Loss) as determined in accordance with generally accepted accounting principles in the United States. Amounts in millions.

(6) Return on Average Equity is defined in "Non-GAAP Financial Measures" below.

The graphs below reflect the relationship between "Compensation Actually Paid" to our Chief Executive Officer and the average compensation actually paid among other Named Executive Officers and (i) Total Shareholder Return (of our Company and the BBREIT Mortgage Index), (ii) Net Income, and (iii) Return on Average Equity ("ROAE").

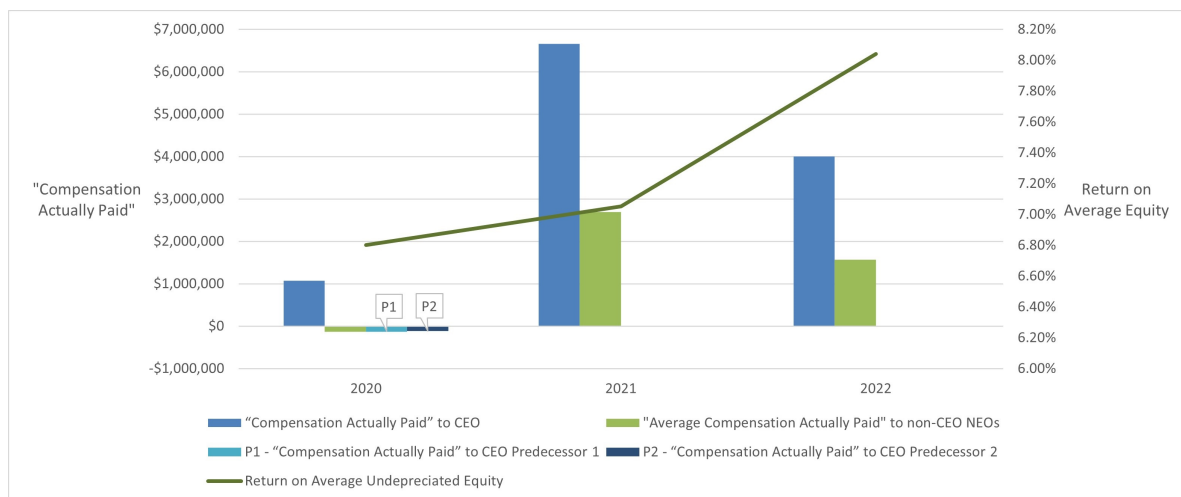

2020-2022 Compensation Actually Paid and Total Shareholder Return

2020-2022 Compensation Actually Paid and Net Income

2020-2022 Compensation Actually Paid and Return on Average Equity

The Compensation Committee considers certain financial performance metrics, along with other quantitative, qualitative and individual performance measures in determining the appropriate compensation for NEOs. In the Company's assessment, the following list of performance measures represent the most important measures used to link compensation actually paid to our NEOs, for the most recently completed fiscal year, to Company Performance:

- return on average equity;
- adjusted distributable earnings; and
- total dividends paid to stockholders.

NON-GAAP FINANCIAL MEASURES

We refer to certain non-GAAP financial measures within this Proxy Statement. The below provides definitions for these measures. See also the Company's Annual Report on Form 10-K for the year ended December 31, 2022 in Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations—Non-GAAP Supplemental Financial Measures."

Return on Average Equity or ("ROAE") is a measure of the Company's (x) Adjusted Distributable Earnings for a particular fiscal year divided by (y) the average undepreciated book value of the Company for such fiscal year.

"Adjusted Distributable Earnings" are Distributable Earnings (as defined below) excluding (i) realized gains and losses on asset sales, (ii) fair value adjustments, which represent mark-to-market adjustments to investments in unconsolidated ventures based on an exit price, defined as the estimated price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants, (iii) unrealized gains or losses, (iv) realized specific CECL reserves and (v) one-time gains or losses that in the judgement of management should not be included in Adjusted Distributable Earnings. We believe Adjusted Distributable Earnings is a useful indicator for investors to further evaluate and compare our operating performance to our peers and our ability to pay dividends, net of the impact of any gains or losses on assets sales or fair value adjustments, as described above.

"Distributable Earnings" is defined as GAAP net income (loss) attributable to our common stockholders (or, without duplication, the owners of the common equity of our direct subsidiaries, such as our OP) and excluding (i) non-cash equity compensation expense, (ii) the expenses incurred in connection with our formation or other strategic transactions, (iii) the incentive fee, (iv) acquisition costs from successful acquisitions, (v) gains or losses from sales of real estate property and impairment write-downs of depreciable real estate, including unconsolidated joint ventures and preferred equity investments, (vi) general CECL reserves determined by probability of default/loss given default ("PD/LGD") model, (vii) depreciation and amortization, (viii) any unrealized gains or losses or other similar non-cash items that are included in net income for the current quarter, regardless of whether such items are included in other comprehensive income or loss, or in net income, (ix) one-time events pursuant to changes in GAAP and (x) certain material non-cash income or expense items that in the judgment of management should not be included in Distributable Earnings. For clauses (ix) and (x), such exclusions shall only be applied after approval by a majority of our independent directors. Distributable Earnings include specific CECL reserves when realized. Loan losses are realized when such amounts are deemed nonrecoverable at the time the loan is repaid, or if the underlying asset is sold following foreclosure, or if we determine that it is probable that all amounts due will not be collected; realized loan losses to be included in Distributable Earnings is the difference between the cash received, or expected to be received, and the book value of the asset.

We believe that Distributable Earnings provides meaningful information to consider in addition to our net income and cash flow from operating activities determined in accordance with GAAP, and this metric is a useful indicator for investors in evaluating and comparing our operating performance to our peers and our ability to pay dividends. As a REIT, we are required to distribute substantially all of our taxable income and we believe that dividends are one of the principal reasons investors invest in credit or commercial mortgage REITs such as our company. Over time, Distributable Earnings has been a useful indicator of our dividends per share and we consider that measure in determining the dividend, if any, to be paid. This supplemental financial measure also helps us to evaluate our performance excluding the effects of certain transactions and GAAP adjustments that we believe are not necessarily indicative of our current portfolio and operations.

Distributable Earnings and Adjusted Distributable Earnings do not represent net income or cash generated from operating activities and should not be considered as an alternative to GAAP net income or an indication of our cash flows from operating activities determined in accordance with GAAP, a measure of our liquidity, or an indication of funds available to fund our cash needs. In addition, our methodology for calculating Distributable Earnings and Adjusted Distributable Earnings may differ from methodologies employed by other companies to calculate the same or similar non-GAAP supplemental financial measures, and accordingly, our reported Distributable Earnings and Adjusted Distributable Earnings may not be comparable to the Distributable Earnings and Adjusted Distributable Earnings reported by other companies.

"Undepreciated Book Value" is a non-GAAP financial metric which is defined as total stockholders' equity (or "GAAP net book value") excluding the impact of our pro rata share of accumulated depreciation and amortization on real estate investments (including related intangible assets and liabilities). The Company reports undepreciated book value in its quarterly and annual financial statements, including reconciliations to GAAP net book value. We believe that undepreciated book value is a more

useful and consistent measure of the value of the Company's current portfolio and operations. Average undepreciated book value represents the average of undepreciated book value across the four quarterly periods in any given fiscal year.

PROPOSAL NO. 2: Advisory Vote On Executive Compensation

In accordance with Section 14A of the Exchange Act and the related rules of the SEC, we are providing our stockholders an opportunity to indicate whether they support the compensation of our named executive officers, as described in this proxy statement. At our 2019 annual meeting of stockholders, our stockholders voted, on a non-binding advisory basis, to recommend that we hold a “say-on-pay” vote on an annual basis, and the Board approved such recommendation. This advisory vote, commonly referred to as “say on pay,” is not intended to address any specific item of compensation, but rather addresses the overall compensation of our named executive officers and our philosophy, policies and practices relating to their compensation as described in this proxy statement in accordance with the SEC’s compensation disclosure rules. Please see “*Executive Compensation—Compensation Discussion and Analysis*” in this proxy statement for additional details about our executive compensation programs, including information about the compensation of our named executive officers for 2022.

The Board of Directors recommends that stockholders vote in favor of the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED on an advisory basis.”

Although this vote is advisory and is not binding on the Company, the Compensation Committee values the opinions of our stockholders. To the extent that there is any significant vote against the compensation of our named executive officers, we will consider our stockholders’ concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Vote Required and Recommendation

The affirmative vote of a majority of the votes cast at the meeting is required for approval of the advisory “say on pay” resolution regarding the compensation of our named executive officers. For purposes of the vote on this proposal, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum. See “*About the Meeting (FAQs)—How many votes are required to approve the proposals?*” for additional information regarding the required vote for this proposal.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ADVISORY APPROVAL OF THE RESOLUTION APPROVING THE COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 3: Ratification Of Appointment Of Our Independent Registered Public Accounting Firm

The Audit Committee of our Board has appointed Ernst & Young LLP (“EY”) as our independent registered public accounting firm for the fiscal year ending December 31, 2023. After careful consideration of the matter and in recognition of the importance of this matter to our stockholders, the Board has determined that it is in the best interests of the Company and our stockholders to seek the ratification by our stockholders of our Audit Committee’s selection of our independent registered public accounting firm. A representative of EY will be present at the 2023 Annual Meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Even if the appointment of EY as our independent registered public accounting firm is ratified, our Board and the Audit Committee may, in their discretion, change that appointment at any time during the year should they determine such a change would be in our and our stockholders’ best interests. In the event that the appointment of EY is not ratified, the Audit Committee will consider the appointment of another independent registered public accounting firm, but will not be required to appoint a different firm.

Vote Required and Recommendation

The affirmative vote of a majority of the votes cast at the meeting is required for approval of the ratification of the appointment of EY as our independent registered public accounting firm for the fiscal year ending December 31, 2023. For purposes of the vote on this proposal, abstentions will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum. See “*About the Meeting (FAQs)—How many votes are required to approve the proposals?*” for additional information regarding the required vote for this proposal.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2023.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board, consistent with the corporate governance rules of the U.S. Securities and Exchange Commission, or the SEC, and the New York Stock Exchange, or the NYSE. A copy of the Audit Committee charter is available on the Company's website at www.brightspire.com. The Board has determined that all members of the Audit Committee meet the independence standards established by the NYSE.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Company's management has the primary responsibility for the preparation of the financial statements and the reporting process, including maintaining a system of internal control over financial reporting and disclosure controls and procedures. The Audit Committee is directly responsible for the appointment, compensation, retention, oversight and termination of the Company's independent registered public accounting firm. The Audit Committee appointed Ernst & Young LLP, an independent registered public accounting firm, as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2022. The independent registered public accounting firm is responsible for performing an audit of the Company's consolidated financial statements in accordance with generally accepted accounting principles, or U.S. GAAP, and issuing a report thereon. The Audit Committee reviews and oversees these processes, including oversight of: (1) the integrity of the Company's financial statements; (2) the Company's independent registered public accounting firm's qualifications and independence; (3) the performance of the Company's independent registered public accounting firm and the Company's internal audit function, which was performed by DLA LLC for the 2022 year; and (4) the Company's compliance with legal and regulatory requirements.

In discharging its oversight role, the Audit Committee reviewed and discussed with the Company's management and Ernst & Young LLP, the Company's independent registered public accounting firm for the fiscal year ended December 31, 2022, the audited financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2022, including discussions regarding critical accounting policies, other financial accounting and reporting principles and practices appropriate for the Company, the quality of such principles and practices and the reasonableness of significant judgments. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with U.S. GAAP. The Audit Committee also discussed with Ernst & Young LLP the matters required to be discussed by applicable standards of the Public Company Accounting Oversight Board.

In addition, the Audit Committee discussed with Ernst & Young LLP its independence from the Company and the Company's management and Ernst & Young LLP provided to the Audit Committee the written disclosures and letter required from the independent registered public accounting firm by the applicable requirements of the Public Company Accounting Oversight Board for independent auditor communications with audit committees concerning independence.

The Audit Committee discussed with Ernst & Young LLP the overall scope and plans for their audit. The Audit Committee met with Ernst & Young LLP, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting.

Based on such review and discussions, the Audit Committee recommended to the Board that the audited consolidated financial statements for the fiscal year ended December 31, 2022 be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2022, which is filed with the SEC. The Board approved this recommendation.

Audit Committee:

Catherine Long, Chair
Catherine D. Rice
Vernon B. Schwartz

The report of the Audit Committee does not constitute "soliciting material" and will not be deemed "filed" or incorporated by reference into any of our filings under the Securities Act or the Exchange Act that might incorporate our SEC filings by reference, in whole or in part, notwithstanding anything to the contrary set forth in those filings.

AUDIT COMMITTEE PRE-APPROVAL POLICY

The Audit Committee's policy is to review and pre-approve, either pursuant to the Audit Committee's Audit and Non-Audit Services Pre-Approval Policy or through a separate pre-approval by the Audit Committee, any engagement of the Company's independent auditor to provide any audit or permissible non-audit service to the Company. Pursuant to the Audit and Non-Audit Services Pre-Approval Policy, which will be reviewed and reassessed annually by the Audit Committee, a list of specific services within certain categories of services, including audit, audit-related, tax and other services, are specifically pre-approved for the upcoming or current fiscal year, subject to an aggregate maximum annual fee payable by the Company for each category of pre-approved services. Any service that is not included in the approved list of services must be separately pre-approved by the Audit Committee. In addition, all audit and permissible non-audit services in excess of the pre-approved fee level, whether or not included on the pre-approved list of services, must be separately pre-approved by the Audit Committee. The Audit Committee has delegated authority to its Chair to specifically pre-approve engagements for the performance of audit and permissible non-audit services, provided that the estimated cost for such services shall not exceed \$250,000. The Chair must report all pre-approval decisions to the Audit Committee at its next scheduled meeting and provide a description of the terms of the engagement, including (1) the type of services covered by the engagement, (2) the dates the engagement is scheduled to commence and terminate, (3) the estimated fees payable by the Company pursuant to the engagement, (4) other material terms of the engagement, and (5) such other information as the Audit Committee may request.

PROPOSAL NO. 4: Approval Of The BrightSpire Capital, Inc. Charter Amendment

Background and Reasons for the Charter Amendment

The Board has declared advisable, and recommends that our stockholders approve, an amendment (the “Charter Amendment”) attached hereto as *Appendix A*, to the Articles of Amendment and Restatement, as amended, of the Company (the “Charter”) to expand our stockholders’ right to amend our Charter. Currently, Article VIII of the Charter requires the affirmative vote of at least two-thirds of all the votes entitled to be cast to approve an amendment to Article VIII and Section 5.8 of the Charter (the “supermajority voting requirement”) and the affirmative vote of a majority of all votes entitled to be cast on the matter to approve all other amendments to the Charter (except for those amendments permitted to be made without stockholder approval under Maryland law or by a specific provision in the Charter). Section 5.8 establishes a voting standard of two-thirds of the votes entitled to be cast to approve the removal of any director and requires that any such removal be for cause.

This proposal seeks stockholder approval to eliminate the supermajority voting requirement in Article VIII with respect to amending Article VIII and Section 5.8 of the Charter, thereby making any and all amendments to the Charter subject to an affirmative vote of a majority of all votes entitled to be cast on the matter(except for those amendments permitted to be made without stockholder approval under Maryland law or by a specific provision in the Charter).

Our Board is committed to good corporate governance and monitors regularly our corporate governance policies and practices. After receiving the advice of management, our Board carefully considered the advantages and disadvantages of adopting the Charter Amendment to eliminate the supermajority voting requirement applicable to amending Article VIII and Section 5.8, and determined it was in the best interests of the Company and its stockholders to replace the supermajority voting requirement with a majority standard.

Effect of the Charter Amendment

The Charter Amendment would amend Article VIII of the Charter as follows (deletions are indicated by strikeouts):

The Corporation reserves the right from time to time to make any amendment to the Charter, now or hereafter authorized by law, including any amendment altering the terms or contract rights, as expressly set forth in the Charter, of any shares of outstanding stock. All rights and powers conferred by the Charter on stockholders, directors and officers are granted subject to this reservation. Except ~~as otherwise provided below, and except~~ for those amendments permitted to be made without stockholder approval under Maryland law or by a specific provision in the Charter, any amendment to the Charter shall be valid only if declared advisable by the Board of Directors and approved by the affirmative vote of ~~holders of shares entitled to cast~~ a majority of all the votes entitled to be cast on the matter. ~~However, any amendment to Section 5.8 or to this Article VIII shall be valid only if declared advisable by the Board of Directors and approved by the affirmative vote of holders of shares entitled to cast at least two-thirds of all the votes entitled to be cast on the matter.~~

The general description of the Charter Amendment set forth above is qualified in its entirety by reference to the text of the Charter Amendment, which is attached as *Appendix A* to this Proxy Statement and is incorporated by reference herein.

If approved by the required vote, the Charter Amendment will become effective only upon filing of Articles of Amendment with State Department of Assessments and Taxation in Maryland, which we anticipate doing as soon as practicable following stockholder approval.

Vote Required and Recommendation

The affirmative vote of at least two-thirds of all the votes entitled to be cast on the matter is required for approval of the Charter Amendment. For purposes of this proposal, abstentions and other shares not voted (whether by broker non-vote or otherwise) will have the same effect as votes against the proposal. See “*About the Meeting (FAQs)—How many votes are required to approve the proposals?*” for additional information regarding the required vote for this proposal.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE CHARTER AMENDMENT.

On August 13, 2021 and March 3, 2023, pursuant to the Registration Rights Agreement, and at the request of DigitalBridge, the Company completed effecting the sales of 9,487,500 and 34,911,944 shares of DigitalBridge's registered Class A common stock, respectively, through underwritten public offerings under the Resale Registration Statement (the "Secondary Offerings"). Following the Secondary Offerings and the OP Unit Redemption, DigitalBridge and NRF RED REIT no
